September 2020

Dear Parent/Carer

Please find the link below to Oak Academy online learning platform for your child to access their work from home:

<https://classroom.thenational.academy/schedule-by-year>

Once you have clicked on the link you can select the appropriate year group and the English, math and foundation subject lessons and work for that day will appear. Your child can revisit lessons from the week by clicking on days of the week tabs in their year group and then selecting the appropriate lesson.

In addition to the daily lessons using Oak Academy your child can access their mymaths account for further maths lessons and activities. <https://www.mymaths.co.uk/> Select the number section and look at multiplication and division where you will find various games which assist in teaching each times table. Your child can also sign in to their TTRockstars accounts for further activities with times tables <https://play.ttrockstars.com/>

Finally, your child can read every day and make a record of their reading on paper. They can also access the BBC Bitesize website to complete additional English and reading activities and games <https://www.bbc.co.uk/bitesize/subjects/zv48q6f>

If you should need any support please do not hesitate to contact your child's class teacher on their school email which can be found in our staff section of the website or alternatively you can ring the school office on 01493 728223.

Kind Regards

Miss Watling
